

QUALITY CONTROL

Our fully equipped, experienced quality control (QC) department consists of our quality control manager and team of inspectors. WMP's QC team members are used to working on code compliant projects with multiple levels of outside inspectors — from clients, third party, licensor, engineering, government regulators and others as needed.

QC DEPARTMENT SERVICES

Testing

- ✓ Positive Material Identification (PMI) to guarantee authenticity
- ✓ Non-Destructive Examination testing (NDE), including but not limited to:
 - Leak Testing
 - Liquid Penetrant Testing
 - Magnetic Particle Testing
 - Radiographic Testing
 - Ultrasonic Testing
 - Eddy Current Testing
 - Hardness Testing
 - Ferrite Testing of Welds
 - Destructive Testing
 - Load Rating of Lifting Fixtures
 - Other needed testing, to satisfy customers' specific requirements

Material Care & 100 % Traceability

- ✓ Material Test Reports (MTRs) provided with all materials purchased
- ✓ Experience working across all grades of metal, ensuring dissimilar metals are not in contact
- ✓ 100% tracking for parts and materials throughout the entire process, along with required NDE testing at various stages of production

Our QC Department Certifications Include:

- ✓ AWS Certified Welding Inspectors (CWI)
- ✓ ASNT Level II Liquid Penetrant Certifications
- ✓ ASNT Responsible Level III
- ✓ ASNT Liquid Penetrant Certifications
- ✓ ASNT Magnetic Particle Inspection Certifications
- ✓ ASNT Visual Inspection Certifications
- ✓ ASNT Ultrasonic Inspection Certifications

All certifications require rigorous training and annual continuing education, which is critical to WMP ensuring the highest quality.

Planning

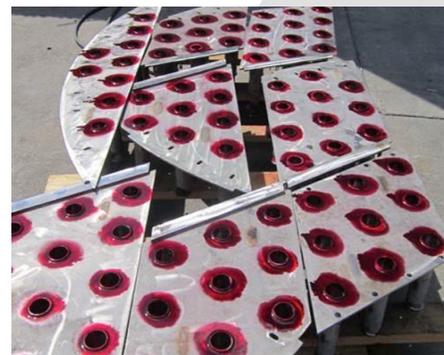

- ✓ Assistance with upfront planning, often with an Inspection and Test Plan
- ✓ Help throughout the entire life of the job — from drafting, to production, to final inspection

Documentation

- ✓ MTRs, packing lists, installation instructions, and any other special needs included to ensure proper field installation
- ✓ Parts labeled for tracking and assembly

Final Check

- ✓ All jobs inspected before they are shipped to their destination
