

HEADED TO WELDING SCHOOL?

Apply for the Spark for the Future Scholarship!

Each year, local fabrication shop **Woven Metal Products** gives out a \$1,000 scholarship* to a Houston-area student who's pursuing instruction in welding and related metal-working specialties.

Apply online:
wovenmetal.com/spark-application

Applications open each January and close each June.

*Applies to vocational and accreditation programs, as well as two and four-year undergraduate programs. Must be intending to enroll or actively enrolled in a welding or metal fabrication program in 2026. Program's expected completion date must be on or after August 15, 2026.

(Enrollment verification required.)

Applicants must live in or be attending a school in one of the following Counties:
Brazoria, Fort Bend, Harris or Galveston.
